

# MAKSS MEINARTS

## FRONT-END DEVELOPER

---

### ABOUT ME

---

Hello, I'm a front-end developer from Latvia who has experience in creating SPA. My main stack is React, Redux & Typescript, but I'm always keen on learning new stacks. I would like to learn Node.js or another backend framework to expand my abilities for building applications.

### WORK EXPERIENCE

---

2021 - 2021

#### TODO-LIST

- Stack: Typescript, React, Redux-toolkit, Material UI
- Description: Fully functioning CRUD SPA. This todo-list build with the FLUX architecture method and includes functionality like. 1. Input validations, 2. Different types of spinners, 3. Unit tests. 4. Authentication. You can follow the progress on the Github: [repository](#) [view project](#)

2022 - Present

#### CARDS APP

- Stack: Typescript, React, Redux.
- Description: Fully functioning CRUD SPA. Me and my team working on Anki alike desktop application that allows you to memorize concepts faster by creating or using created packs with cards inside of them. You can follow the progress on Github: [repository](#) [view project](#)

### EDUCATION

---
